About Us

HackUNT is a student-run, non-profit event striving to bring together students of all backgrounds to innovate and solve real-world problems. Within 24 hours, talented students from all over the country come together at HackUNT to strengthen their leadership skills, work and grow in a team, and develop real-world solutions for industry leaders like yourself. HackUNT 2020 is the third annual UNT hackathon. With over 500 applicants and over 20 project submissions last year, we are confident that HackUNT 2020 will be bigger and better than ever before. We are excited to see you there!

Why should you be a sponsor?

Hackathons provide your business with a way to see and communicate with the best and most passionate tech talent first hand, gather and learn interesting solutions to real company problems, and market your company in the tech space. A hackathon sponsorship says a lot more about your company in terms of culture, values, and tech literacy than a career fair ever could.

Recruit talent! View resumes from hundreds of top students; we collected over 250 resumes last year!

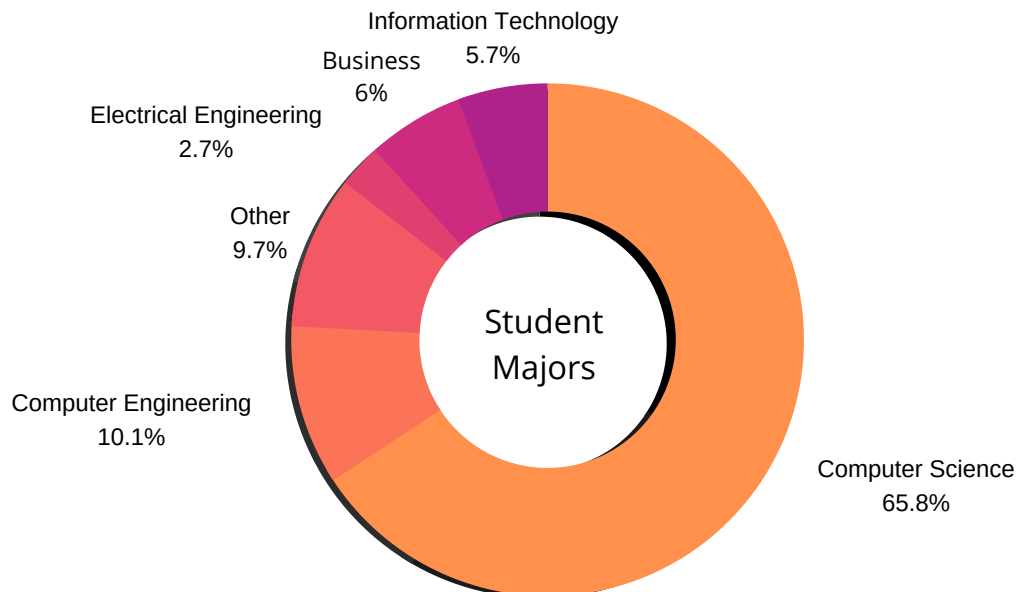

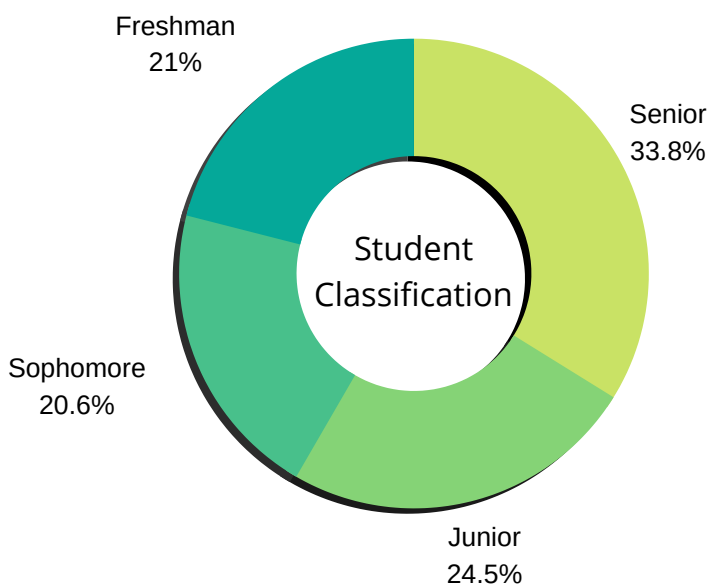

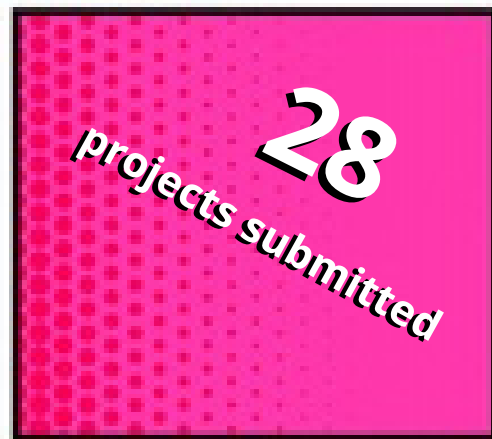

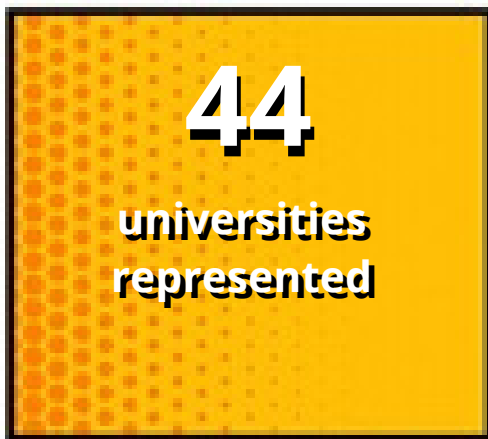

Advertise! You can introduce your product to participants and encourage them to use it by offering swag or a related prize. Let attendees know about your company culture and goals.

Mentor! Inspire students through workshops and talks. Talk to students about important skills and give advice about the professional world.

Sponsorship Packages

In addition to sponsorship money, we also strongly encourage these contributions:

- **Swag**: Build your brand with shirts, stickers, water bottles, shades, and more
- **Prizes**: Promote your mission with your own prize categories
- **Engineers**: Spread your culture by mentoring the participants and guiding their experience with your APIs

Please contact us at **officialhackunt@gmail.com** if you are interested and want to discuss a particular sponsorship package.

Your support is key!

Your support as a sponsor for HackUNT will help every aspect of the event. Contributions from sponsors go towards the costs of the venue, food, t-shirts, staffing, and many, many other things that make a hackathon successful and exciting.

We want to provide an opportunity for you to develop a strong presence in Texas' engineering community. By sending representatives, developers, and mentors you can foster a relationship with tomorrow's engineering talent and by providing swag you can advertise your company and leave an impression on HackUNT's attendees!

We hope that you are as excited about this opportunity as we are and that you decide to be a part of HackUNT!

If our sponsorship options are not what you are looking for, please reach out to us at **officialhackunt@gmail.com**. We will work with you to provide the best package possible.
